### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on Rabbit or Sites Creek of which this source is a tributary and with the express provision that a standard headgate and weir, or other accurate measuring device, shall be maintained at the outlet of the Lake and that the normal flow of the above named creek shall not be decreased during the irrigation season. A standard headgate and weir must also be installed at or near the point of diversion from Dry Creek to facilitate the measurement and control of water. The State reserves the right to regulate the use of water herein granted at all times in order to insure the proper distribution thereof. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 250 acre cubic feet per second. annum for storage.

Actual construction work shall begin on or before June 28, 1916.

Proof of commencement of work shall be filed before July 28, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before June 28, 1918.

Application of water to beneficial use shall be made on or before June 28, 1922.

Proof of the application of water to beneficial use must be filed with State Engineer on or before July 28, 1922.

Proof of labor filed JUL 17 1916

WITNESS MY HAND AND SEAL this 28th, day

Proof of completion of work filed, DEC - 3 1918

of December, 1915.

Map filed DEC - 3 1918

Cancelled OCT 24 1935 because of failure of applicant to comply with provisions of permit.

State Engineer.
